ENDEAVORERS COMING

Railroads Already Crowded With Business

TWO TRAIN WRECKS REPORTED

Large Numbers of Excursionists En Route to San Francisco From Various States.

KANSAS CITY, Mo., June 29.—The rush of excursionists to the Christian Endeavor convention in San Francisco is already straining the resources of the Union depot and railroad officials at this point. Kansas City being the natural gateway for this traffic from the East and South, there is every indication of the biggest crush of excursionists that has ever been known here. The baggage department is already overburdened, and the prospects are that excursionists who do not carry a liberal supply of valises in hand-satchels will be again inconvenienced upon reaching the coast.

The Wabash road brought in two carloads of Endeavorers from Decatur, Ill., this morning, and three more carloads picked up along the route. Tomorrow morning's Wabash train from St. Louis will be run in five sections, each section carrying six to eight eleemosynists.

Tomorrow Fe. 30, it is intended to have a special of four cars stopper through from New Haven, and another of eight sleepers out from Ohio points.

Sixteen extra sleepers will be put out to meet the demand. Tomorrow will carry a special of fourteen sleepers from St. Louis and one of nineteen from Chicago and the East. Ten sleepers were sent to Topeka today to transport a crowd of 600 Kansasites.

Thirteen extra sleepers will be put out to meet the demand.

The Missouri road will bring in special carloads of Endeavorers from Memphis and Birmingham.

The Union Pacific tomorrow will send out two special trains of excursionists from Kansas City and neighboring points.

The Missouri Pacific and Burlington carried several extra cars yesterday morning, and both roads will send out special trains in the morning. Every train west carried extra coaches.

HEAD AND COLLARIES.

CHICAGO, June 29.—A head and collarious between two crowded excursion trains occurred on the Chicago and Northwestern road, near West Chicago, about thirty miles from this city, at a late hour tonight. The report received by the officials of the road up to 2:30 a.m. indicate that no one was killed, but that at least fifteen persons were more or less injured.

These reports contain no information as to the cause of the accident. The trains were running on opposite sections of track and had continual collisions and visitors on their way to the Pacific coast to attend the annual convention of the Christian Endeavorers.

A relief party was made up as soon as news of the wreck was received. It will be taken to the scene of the accident on the fast mail train which leaves here at 3 a.m.

* At 8:15 a.m. the North western railroad officials of this city said that one passenger was killed in the wreck at West Chicago and twelve or thirteen were injured. The injured will be brought to this city to receive medical attention. The last car of the first train of excursionists was badly damaged and all those who were injured were occupants of this car. Those who were uninjured were taken on board in the cars of the first section and proceeded on their journey. An official report on the wreck is expected here within a short time.

WRECK ON THE VANDALIA LINE.

INDIANAPOLIS, Ind., June 30.—A dispatch just received from J. J. Turner, general manager of the Vandalia railroad, dated Terre Haute, contains the information that one of the Christian Endeavor trains has been wrecked west of Terre Haute. He says no one is injured with the exception of three postal clerks, and their injuries are not serious.

SAFETY HAZARD, Ind., June 30.—It has been learned that T. H. Sherman of Indianapolis, mail clerk on the St. Louis train, is killed; also M. P. Cook of Indianapolis, baggageman of train No. 11, west bound. Sam Parkinson, mail carrier of Columbus, and Frank Owners of Terre Haute, are fatally injured.

FIVE NEW COMPLAINTS.

Figel Will Be Called to Answer Seventeen Charges.

SAN FRANCISCO, June 29.—After the court proceedings in the Figel case today Attorney Murphy at once repaired to his office, where he began the preparation of five new complaints. Three of these will charge the bookkeeper with forgery in having indorsed the firm name on the drafts and checks alleged to have been embezzled, and two of them charge additional embezzlements. Altogether there will probably be seventeen charges brought against Figel, eight for embezzlement, eight for forgery, and one for murder.

E. S. Rothschild reiterates his determination to push the prosecution of the embezzlement and forgery charges to a conclusion. Harry Hoffman, brother of the deceased, will verify the charge that the bookkeeper will be tried on July 1st, when this will be filed in either tomorrow or Thursday, has not been decided.

Henry Ash has withdrawn from active connection with the prosecution of the criminal charges against Figel.

WRECK ON THE OREGON SHORT LINE.

SALT LAKE, Utah, June 30.—The westbound passenger train on the Oregon Short Line road went into the ditch near Glen's Ferry, Idaho, last night, caused by a broken axle. One person was seriously injured and one slightly injured. Superintendent Calvin and Chief Surgeon Pinkerton left tonight on a special train for the scene of the accident.

OIL WELL EXPLOSION.

FRESNO, Cal., June 29.—One of the new oil wells north of Fullerton exploded last night, gas in the well igniting from a hoister near by. The explosion was heard many miles and flames shot up fully 200 feet. The well, which is 700 feet deep, is flowing oil in large gashes since the explosion.

Electric Works Burned.

HAMMONTON, N. J., June 29.—A terrible fire is in progress this evening at the Hammonton electric works in Post street. The entire structure will probably be destroyed with enormous loss.

ILLUSTRATED LECTURE.

New Name for the Sullivan-Fitzsimmons Exhibition.

New York, June 29.—Police Superintendent McKevey of Brooklyn said today: "Fitzsimmons and Sullivan cannot meet in a sparing match or exhibition at Ambrose park, or anywhere else in Brooklyn July 5th."

"I have not been consulted in the matter, but the authorities have decided upon a course of action if any attempt is made to give such an exhibition."

"I understand that Ambrose park holds a special license. Under this license Fitzsimmons and Sullivan might give an illustrated lecture. They could show their knockout blows, swings, cross counters and upper cuts, but they would not be permitted to give an exhibition of sparring either scientific or otherwise and they would have to be mighty careful in presenting their illustrated lecture."

"People who go to the exhibitions with the idea of seeing a fight will be disappointed. I do not know whether the managers of the affair will go on making arrangements, but if they do so there will be a sufficient number of policemen on duty to insure the preservation of law and order."

A NEGRO BRUTE.

Kills a Young Man and Assists His Lady Companion.

St. Louis, June 29.—A special to the Republic from Newport says: Mary Kennedy staggered into her home this morning with her throat cut. She said she went walking last night with Willie Crabtree and set down near the lake. A negro sprang out of the bushes and struck Crabtree three times on the head with a club. The negro then took hold of her hair, laid it across her mouth, and after threatening death if she resisted, strangled her. As she subsequently resisted, the negro cut her throat twice and left her for dead.

Crabtree was found in the place described, with his head literally smashed. He is dying.

The Children Get the Property.

SAN JOSE, June 29.—The suit of Mrs. Sarah G. Tally against her five stepchildren, involving property worth \$250,000, ended today in a judgment for the defendants. Mrs. Tally was divorced from her husband, but remarried, after which she claimed part of her first husband's estate under allowed provision of a deed made before her second marriage. The court refused to allow her to testify regarding such a prenuptial promise and therefore the case came to a sudden termination.

SENATORS GET FUNNY

TILLMAN AND CHANDLER AMUSE THE REST.

Bills on Lead Ore Proposed by the Committee Agreed to in the Senate.

WASHINGTON, June 29.—After tedious discussion of the tariff bill throughout the day, the senate wound up with a half hour of lively and amusing colloquy between Senators Tillman of South Carolina and Chandler of New Hampshire. The former was prepared to amend the bill to the tariff bill providing a \$100 head tax on immigrants and a restriction against all those not coming to the United States to become citizens. Mr. Tillman made an earnest speech on the dangerous condition of labor, but was soon diverted from his theme by Mr. Chandler. The latter, adopting a style of much gravity, directed the discussion toward Mr. Cleveland's administration. This time brought from Mr. Tillman a criticism of the late President, while Mr. Chandler protested against the assault on Mr. Cleveland by a member of his own party. When this had been fast and furious for some time the Tillman committee were defeated, year in, year out, in the three affirmative votes cast by Mosier, Butler, Quay and Tillman.

During the day the same dispute of lead paragraphs, the committee rate of 15¢ cents per pound on lead ore being agreed to, 30 to 23. The other paragraphs considered were comparatively of minor importance.

WATER FRONT FIRE.

THE NEW FOISOM STREET WHARF DESTROYED.

The Ship Commodore Damaged and the Schooner Katie Mack Buried to the Water.

SAN FRANCISCO, June 29.—A very disastrous fire occurred on the water front between 8 and 9 o'clock this afternoon. While laying block pavement upon the new Folsom street wharf, occupied by the Oceanic Steamship Company and recently constructed at a cost of \$50,000, some workmen upset a pot of boiling oil and in a few minutes the whole wharf was in flames. A general alarm was rung out and the entire fire department responded, but owing to a staff fire which was blown out by the wind, it failed to extinguish the flames. Fortunately very few ships were moored at the wharf, but as it was an American ship Commodore was considerably damaged before she could be towed into the bay and the flames which had caught her bows extinguished.

The little schooner Katie Mack burned to the water's edge before a tug could be summoned and was a total loss. The damage will reach fully \$40,000, of which \$30,000 will fall on the state for the wharf, and \$8,000 on the Commodity and the balance on the Katie Mack.

MCALIFFE IN TRAINING.

"Young Dutchy" Preparing Him for the Ring Again.

SAN FRANCISCO, June 29.—Big Joe McAliffe is again in training. He is matched to meet Jack Steiner before the Pacific Athletic Club of this city upon a date not yet agreed on. Although he now weighs in the neighborhood of 210 pounds, he expects to increase himself to his original weight only after he has had a decided advantage. Under the name of "Young Dutchy" he intends to alter his former methods of instruction to those of modern times and expresses the opinion that heretofore he has never been properly trained for a fight.

It is said that Hill claims that he ordered Duke to stop before he shot, but Duke denied it, and the witnesses corroborate this story. Duke was unarmed and sober at the time of the tragedy.

Next morning Hill surrendered to Constable J. M. Atkinson of Coalings, the coroner and district attorney were telephoned for and Hill was held to await the result of the inquest and examination. At this time Constable Atkinson learned that Judge Lynch was about to open court in Wathen canyon and institute summary proceedings in the case and he rushed Hill to Summit Lake, where he kept him over night and brought him to Fresno yesterday morning.

The coroner and district attorney have gone to the scene of the tragedy to hold an inquest and will probably return today, when the exact story of the shooting will probably be made known.

HILL, INTERVIEWED.

The murderer was interviewed at the jail by a REYNOLDS reporter yesterday morning, but he refused to speak of the tragedy, explaining that he wished to have the counsel of an attorney first.

The prisoner was expecting that his father would come and engage the services of a lawyer for him. Hill had not decided upon whom he would desire to defend him.

When asked if he had seen the dis-

patch from San Miguel, published in the REYNOLDS yesterday morning, giving an account of his shooting, the murderer replied that he had.

ENFORCING THE LAW.

HOUSE AND BARN DESTROYED

FIRE AT THE EMMERSDORF VINEYARD LAST EVENING.

The residence and barn on the Emmerdorff vineyard, two miles northeast of the city and of which Louis Braverman is one of the owners, were destroyed by fire last evening about 8.30 o'clock. The house was occupied by the superintendent, George Goenstheimer, and children were alone at home at the time. A lamp which had been left in a bedroom exploded, and the house was rapidly consumed. It was a two story frame structure.

The house was unoccupied to the barn, which contained considerable valuable machinery used in raisin packing. Nothing was saved from the house and Mr. Goenstheimer's family was left destitute of clothing.
